

# Now more than ever

## **BNI Meetings GO ONLINE!**

We are proud to announce that from starting this week all of our BNI Scotland North chapter meetings will be switching to our “BNI Online™ “ platform.

This together with other tools, will help our members to temporarily participate in their weekly meetings online and continue supporting each other and passing referrals in any situation. These online events will be promoted to all local business communities and eligible businesses will be able to attend too.
